**Took a Squint.**  
 Mayor Winter and Alderman Wright took a look at the slaughter houses yesterday.

**Train Robbery Again.**  
 Last night, the train going East over the St. Louis, Vandalia & Terre Haute road, was attacked by a band of robbers. As the engine was stopped for water at a place called Long Point, 27 miles east of Effingham, the robbers boarded the train, cut the express car loose, jumped on the engine, and after killing the engineer, Milo Ames, proceeded to run the car up the track far enough away from the balance of the train to be safe for them to attempt the robbery of the express car. Mr. James Burke, formerly clerk at the express office in this city, was the messenger, and when a demand was made on him to surrender, promptly refused. The robbers, finding an entrance into the car impossible, proceeded to kill him with bullets. In the mean time a number of the passengers on the part of the train left at the water tank, got lanterns and proceeded to the track to endeavor, if possible, to prevent the anticipated robbery. They had not gone far before they discovered the engine and express car. The robbers, it is presumed, saw them coming, and finding it impossible to effect an entrance into the car, made for the roads. Too much praise cannot be given to Mr. James Burke, who acted so nobly in defense of the Adams Express company's property, and we are proud to record the fact that he is a Cairo man. We regret the killing of the engineer, Mr. Milo Ames, who was a worthy, good man, and only hope that the scoundrels will be caught and get their just desert at the end of a long rope.

**Want a Match.**  
 And now a number of the admirers of base ball in this city, who saw the Cairo boys so handsomely demolish their Memphis friends on the fifth, want the club permanently organized, and a match made immediately with the Paducah Idlewilds. They declare that Paducah does not hold enough base ball players to defeat the Cairo club. A match with the Idlewilds would, no doubt, prove very interesting.

**Regular.**  
 For months past the regularity with which the fine and fast little steamer, the James Fisk, has made her appearance at and takes her departure from our wharf for Paducah, has been the theme of much talk. The fact may, however, be attributed to the thorough river knowledge of her gentlemanly and business-like commander, Capt. Crowley, and his crew, who seem to take much pride in the management of the Fisk.
